PLEASE READ PROOF CAREFULLY, ONCE APPROVED BEBOLD SIGN STUDIO WILL NOT BE FINANCIALLY RESPONSIBLE FOR MISSPELLING OR INCORRECT LAYOUTS. Signs shown on photos may not represent actual size and proportion to building. This sign is intended to be installed in accordance with the requirements of Article 600 of the National Electrical Code and/or other applicable local codes. This includes proper grounding and bonding of sign.

The sign was mounted using pins in the same area as the previous sign. The sign is made up of individual letters pinned using stainless steel mounting studs and are 1" deep. It is the same aluminum material as the previous sign and takes up the same amount of space. The awnings are the same as the previous, only the lettering has been added. The window sills will be repaired using the same material.
