Summary

Pursuant to the guidance of the Final Design approval by the National Capital Planning Commission (May 2020) and the Commission of Fine Arts (April 2020), the graphics package submitted here represents the various text layouts and refurbishments intended for the Korean War Veterans Memorial Wall of Remembrance project. It includes a representative sample of the proposed layout of names on the new Wall of Remembrance (WoR), a new dedication panel adjacent to the existing one, as well as the planned renovations to the existing UN Curb and Casualty Curb.

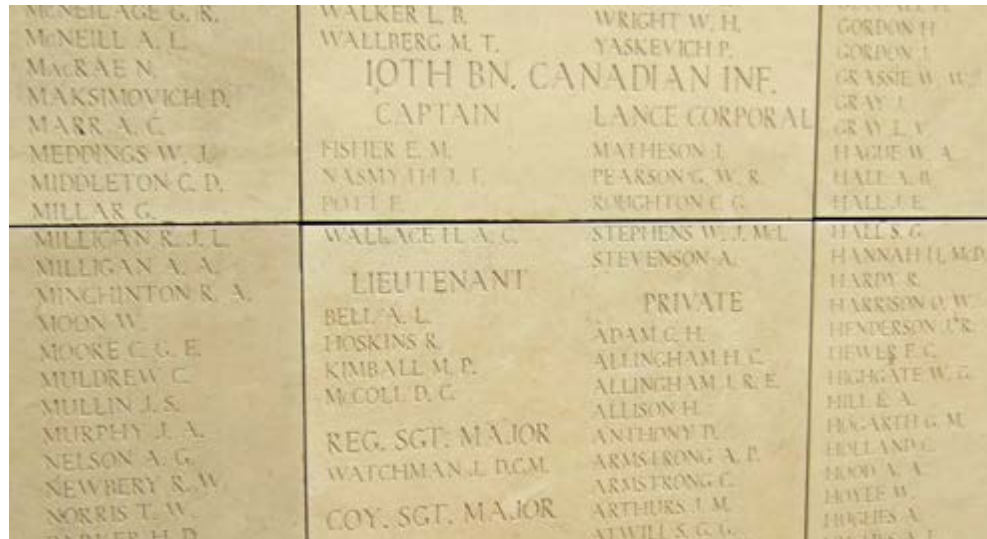

Intent

The Wall of Remembrance is designed to powerfully display the complete human cost of the Korean War. It is intended for our Nation to show the significant numerical loss of this war—the intensity of those killed in action over a relatively short period of time is perhaps unknown by many. And to commemorate all those who bore the brunt of the sacrifice, which were predominantly the young enlisted service members and non-commissioned officers. This loss of lives is one of the true tragedies of war. The WoR will capture every sacrifice, for every family, and for a grateful Nation. It will immortalize those lost souls and remind all who pays the cost of freedom, because it is not free.

Examples of Memorials with Names, Service, and Rank:
WWII West Coast Memorial

The Menin Gate Memorial to the Missing

WWII East Coast Memorial

Design

Following the precedence of other memorials around the world, the names on the WoR will be listed by service and rank. The arrangement will follow the chronological order of the services (United States Army, United States Marine Corps, United States Navy, United States Air Force) with ranks organized subsequently from lowest to highest and then names listed in alphabetical order below. With this organization of names, the WoR will visually demonstrate the young lives that bore the brunt of the sacrifice during the Korean War.

The final list of killed in action (KIA's) to be included on the wall contains 43,622 names. Further space studies were conducted after receiving the list to ensure that there was ample space on the new wall for the design layout and that the area of names would remain less than the name area on the Vietnam Veterans Memorial—a previous guiding principle of the overall design. Additionally, the approximate number of panels for each service was calculated and laid out on the WoR.

Introduction text will be provided on the first panel of the WoR to provide context for the 43,622 names listed afterwards. Numerous memorial and commemorative examples were considered in developing the new suggested introduction text. This text has been centered on the first panel and each line is on the radial curve of the WoR. Below that, the typical design approach for service, rank, and names is incorporated. The "United States Army" service title is centered above the first two columns on the panel, with the rank centered on the single column. Names are listed below the ranks in alphabetical order and are justified on the left side of the column. This organizational strategy was developed to provide a visual difference that delineates the transition from service to service and rank to rank along the entire WoR.

Given the numbers of casualties in the lower ranks of the services, panels that contain only names will make up the majority of the WoR. Names are arranged in five columns per panel with ninety lines per column. In instances where names are longer (less than 2% of overall names) than the typical column, the name will continue to an indented second line. The lines of text for names will align from column to column, panel to panel.

Transitioning from one service to the next will be accomplished by locating the service name centered on two columns at the top of the panel at each instance. Similar to the first panel, the first rank will then be centered on the single column below, with the names listed below in alphabetical order and left justified. Ranks will always be custom centered on the column they are within given the variety of visual column widths that the names create.

Each stone panel will have identification numbers (1-100) located on the lower left side with the predominant service located on the lower right side. This will assist with locating a specific name on the WoR and provides a natural flow between adjacent panels that works well when transitioning between services.

The proposed text to be used throughout the WoR project will be Syntax font. An exhaustive search was conducted to determine the original font used on the Memorial as no record of it was available with Syntax being the frontrunner. This font may have been originally selected given the similarity of the stroke treatment to Korean characters.

A new dedication panel for the WoR is proposed to be incorporated into the Memorial adjacent to the existing dedication panel. The overall layout is condensed to be smaller than the original including shorter text for the title. Individual text lines will be aligned between the two panels.

UN Curb and Casualty Curb refurbishments will involve replacing existing sandblasted contributing country names, UN emblems, and casualty curb information with stainless steel letters and medallions for legibility and durability. Given the need to shorten the overall length of the UN Curb to align with the new WoR and avoid creating a tripping hazard, the design proposes to decrease the individual country curb pieces and text to approximately 94% of the original length. The letters on the UN Curb pieces will need to decrease from 8" to 7.5" to accommodate this. The Casualty Curb requires no adjustments to the size of the text, but will be updated to reflect the actual number of Dead, Missing, Captured and Wounded.

WALL OF REMEMBRANCE

Existing inlay text at KWVM:

Our nation honors her sons and daughters who answered the call to defend a country they never knew and a people they never met.

New suggested intro text:

A GRATEFUL NATION HONORS THE MEMBERS OF THE ARMED FORCES OF THE UNITED STATES AND THE KOREAN AUGMENTATION TO THE UNITED STATES ARMY WHO GAVE THE LAST FULL MEASURE OF DEVOTION IN DEFENSE OF FREEDOM.

Other References:

"...from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion" – *Lincoln quote from Gettysburg Address*

—

Our nation honors the courage, sacrifice, and devotion to duty and country of its [Korean War] veterans.

In honor of the men and women of the armed forces of the United States who served in the [Korean War]. The names of those who gave their lives and of those who remain missing are inscribed here. *(from the national Vietnam Veterans Memorial in DC)*

—

...gave their last measure of valor to their country. Listed here are those killed in action, missing in action, or who died prisoners of war. May this memorial stand as a lasting tribute to their heroism and devotion. *(California Korean War Veterans Memorial)*

—

Dedicated to the veterans who served with honor and gave the ultimate sacrifice

—

In memory of those who gave their lives in defense of freedom *(Vance County, NC Vietnam Memorial)*

—

In memory of those who gave their lives during the [Korean War]

...Americans who gave their lives in the service of freedom.

...American servicemen and...Korean Augmentation to the United States Army (KATUSA) who gave their lives defending the people of South Korea *(KWVM website)*

—

A record of their honor and of our gratitude.

—

...who proudly served in the U.S Armed Forces with honor and loyalty.

—

We dedicate this monument to the memory of those who died, or remain missing, in the [Korean War, 1950-1953.] In doing so, we honor all the men and women who served during that war.

—

Dedicated to the men and women who served in the Korean War and to those who did not return home but are not forgotten.

From these honored dead, we take increased devotion to that cause which they gave the last full measure of devotion. *(NC Cumberland County)*

Text set at 9/16" and
3/4" cap heights to
match existing

Scale: 1.5" = 1'

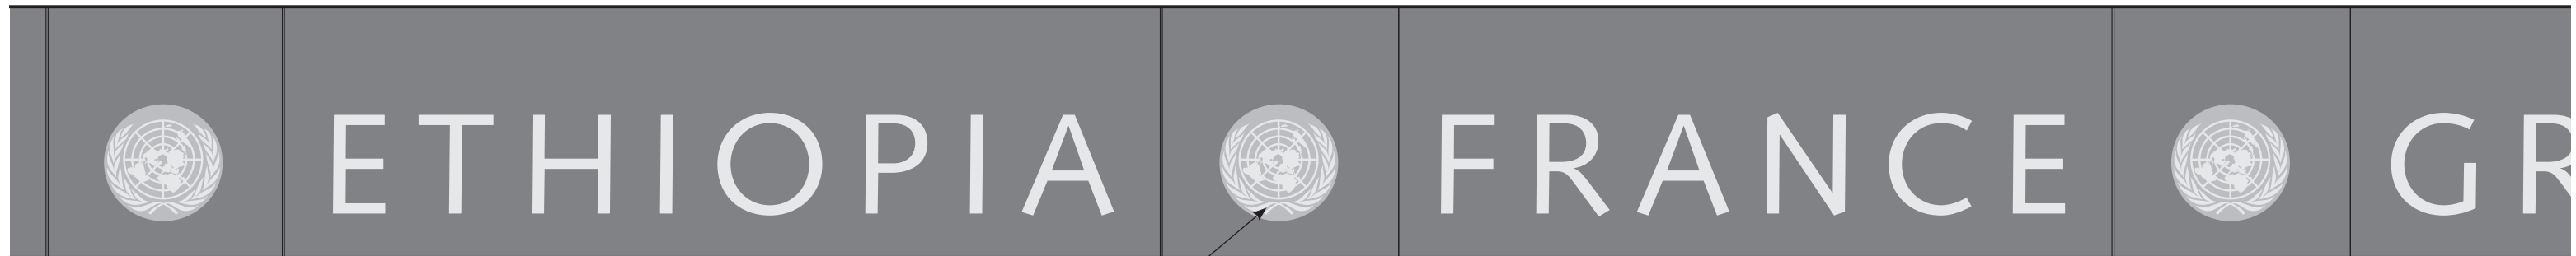

AUSTRALIA • BELGIUM • CANADA • COLOMBIA • DENMARK • ETHIOPIA • FRANCE • GREECE • INDIA • ITALY • LUXEMBOURG • NETHERLANDS • NEW ZEALAND • NORWAY • PHILIPPINES • REPUBLIC OF KOREA • SOUTH AFRICA • SWEDEN • THAILAND • TURKEY • UNITED KINGDOM • UNITED STATES OF AMERICA

1/16" = 1'

Country stone widths reduced by 94% to accommodate shortened overall length of curb. Stone height unchanged.

New S.S. letters, reduced from 8" to 7.5" to fit new curb length.

Divider stones to have new Satin S.S. medallions etched with UN Emblem. (No size change to stones)

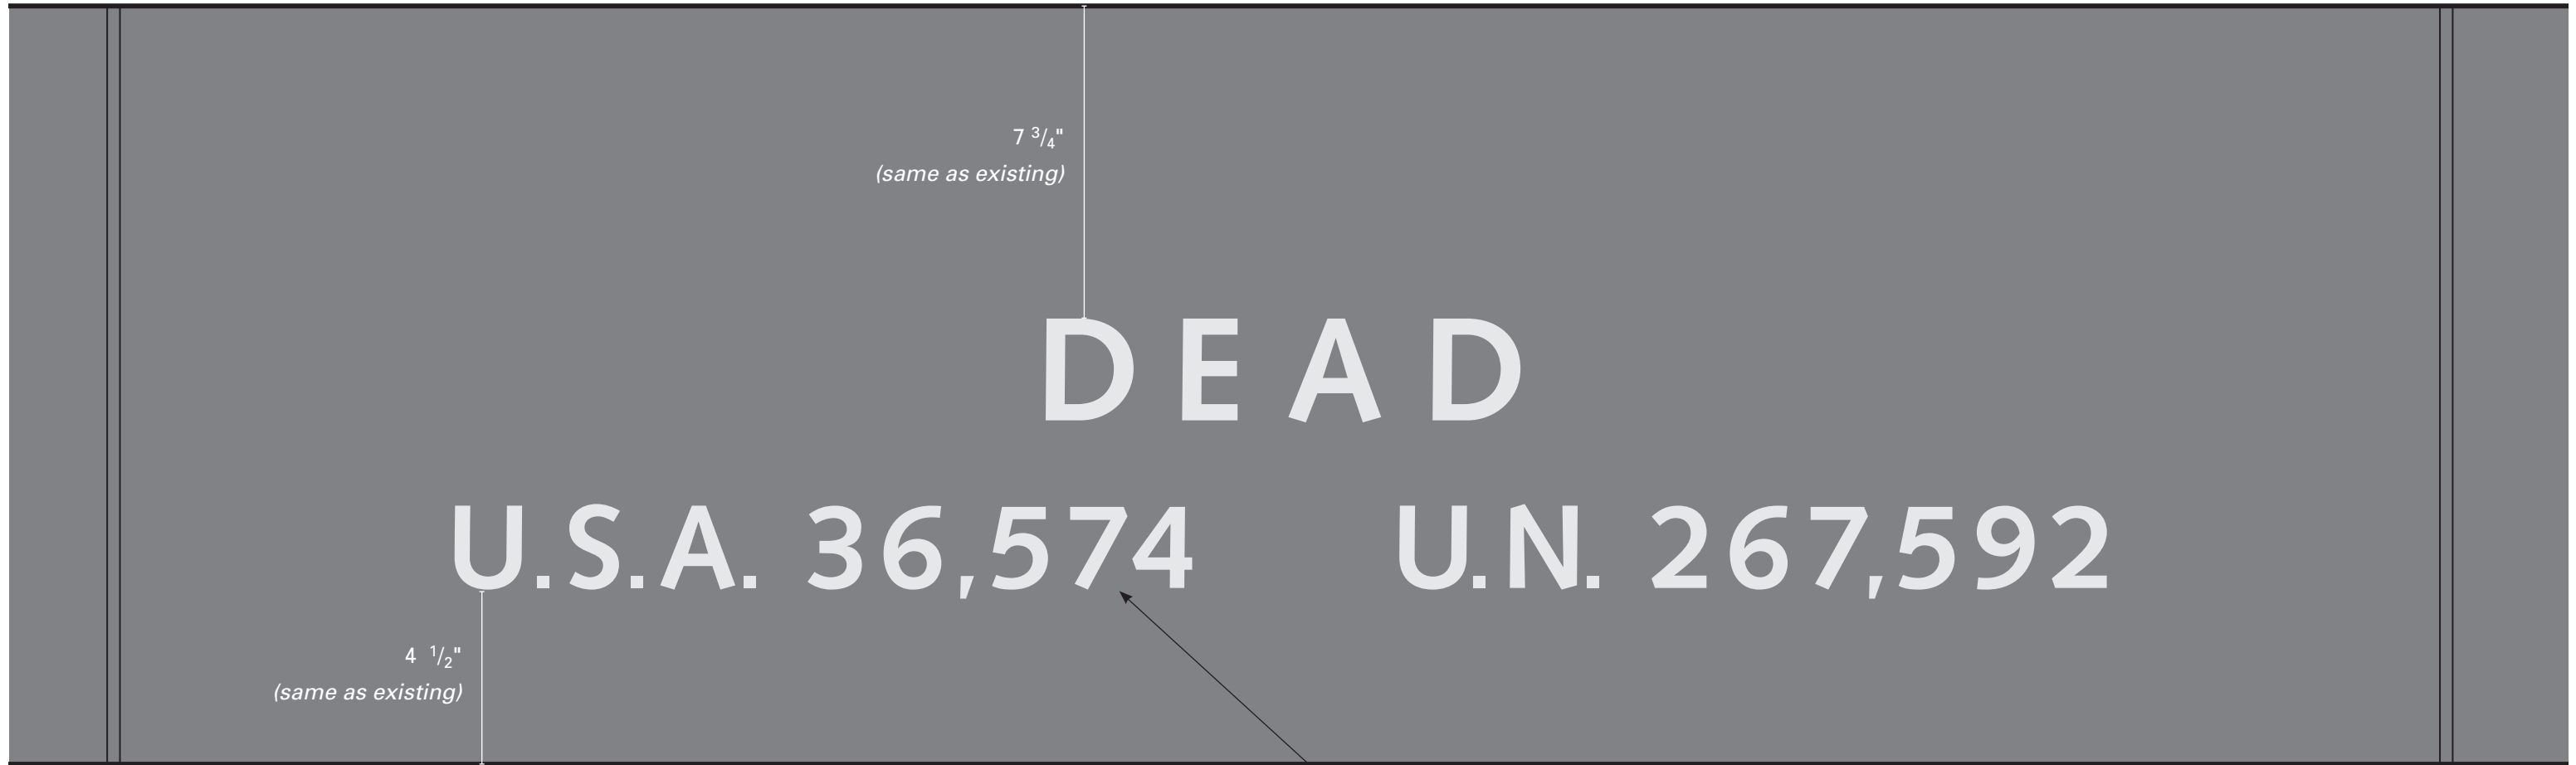

1" = 1'

Scale: Half Size

1/4" = 1'

3" = 1'

New S.S. letters to match size of existing etched lettering.

Correct numbers to be confirmed (or this text may be omitted)
